Dear Participants,

It is with great excitement and honor that I extend a warm welcome to all of you attending the 2nd Pediatric Symposium, organized as an initiative for Bahrain by the American Mission Hospital (AMH). We are thrilled to convene once again to delve into yet another crucial theme of "Trends and Challenges in Pediatric Cardiopulmonary Care," a topic of immense significance in today's medical landscape.

At AMH, we are guided by the Biblical principles of Compassion, Grace, and Love, and it is with these values in mind that we come together to further our understanding and practice in pediatric healthcare.

I am delighted to announce the presence of our esteemed keynote speaker, Dr. Yasir Qureshi, Consultant Pediatric Cardiologist and Associate Professor of Pediatrics at Mayo Clinic. Dr. Qureshi brings a wealth of expertise and experience in the field of pediatric cardiology, and his insights will undoubtedly enrich our symposium, providing invaluable perspectives on the latest advancements and challenges in pediatric cardiopulmonary care.

The Mayo Clinic stands as a beacon of excellence in healthcare, research, and education, and having Dr. Qureshi as our distinguished speaker underscores the caliber and significance of this symposium. His contribution promises to be enlightening, inspiring, and instrumental in shaping the discourse on pediatric cardiopulmonary care.

In addition to Dr. Qureshi's keynote address, we have curated a diverse lineup of speakers who are experts in various facets of pediatric cardiology and pulmonology. Each speaker has been carefully selected for their exceptional professionalism, dedication, and contributions to advancing pediatric healthcare. Their presentations are poised to be both informative and thought-provoking, offering insights into emerging trends and innovative approaches in the field.

Furthermore, the symposium provides a unique opportunity for networking and collaboration among fellow professionals who share a passion for pediatric cardiopulmonary care. By fostering an environment of dialogue and knowledge-sharing, we aim to collectively address the challenges and opportunities in this critical area of healthcare, ultimately enhancing outcomes for our young patients.

I extend my heartfelt gratitude to all the speakers, sponsors, and organizers whose tireless efforts have made this symposium possible. Your dedication and support are truly appreciated and invaluable in ensuring the success of this event.

Lastly, I extend my warmest appreciation to each and every participant. Your active engagement and participation are integral to the success of this symposium, and I am confident that together, we will inspire positive change and advancements in pediatric cardiopulmonary care.

Let us come together, learn from each other, and chart a course towards excellence in pediatric healthcare.

With warm regards,

Dr. George Cheriyan MD, FRCPCH, FRCPI
Corporate CEO / Chief Medical Officer
